

CARNIVOROUS PLANT PROJECT

Name: _____

Date: _____

Period: _____

Basic Information

Groups may be up to 3 people.

Project is to be submitted as a Google Presentation, Canva, Poster, etc (be creative!)

You will be given the chance to choose your carnivorous plant (s)

To be Included in Your Project

Basic evolution of your carnivorous plant (if more than one plant, you can compare the evolution of your plants. Diagrams can be used.)

Nitrogen Cycle as used by your Carnivorous Plant (Diagrams allowed).

A Food chain or Food web involving your Carnivorous Plant (if more than one plant, choose one).

To be Included in Your Project

Ecological Tolerance of your Carnivorous Plant. What are the limiting factors that are a factor in the habitat of your plant?

ONE Natural Disruption that can affect your plant. ONE Human Disruption that can affect your plant. For each, describe the consequences of the disruptions.

Worksheets to be Submitted

Plant Care Instruction Sheet. To be given to the Elementary Teachers and Students.

TWO Worksheets. These are to help our Elementary School students learn about Carnivorous Plants.

Suggestions for Worksheets:

- Food Chain/Web
- Habitat
- Adaptations
