**Drosera capensis**

**Nickname**
Cape sundew

---

**Kingdom** Plantae

**Subkingdom** Tracheobionta

**Class** Magnoliopsida

**Order** Nepenthales

**Family** Droseraceae

**Genus** Drosera

**Species** capensis

---

If kept outside, sundews will find their own meal. If indoors, you can supplement their diet with bugs or fish flakes.

Keep a dish underneath the pot to keep soil wet year-round.

Does not require a dormancy period.

Can be grown indoors, on a windowsill, or in a terrarium.

Seepage zones in the Cape region of South Africa.

Full sun.

Equal parts sand and sphagnum peat moss.

Insects.
